

This App Will Save Lives

Truzted is an emergency response app that is so sophisticated it will help prevent untimely and unnecessary deaths.

Someday it could save your own life.

It's the **only solution** that responds whether you are incapacitated or far from your mobile phone, Truzted is ready to act when it detects you are in an emergency situation. **It's an all-in-one emergency monitor and responder.**

TRUZTED WILL MAKE YOUR CHILDREN SAFER!

TRUZTED WILL GIVE PEACE OF MIND TO THE ELDERLY

TRUZTED WILL GIVE YOU THE SAFE AND SECURE FEELING YOU'VE ALWAYS WANTED

TRUZTED WILL MONITOR FOR EMERGENCY ACTIVITY EVEN WHEN YOU CAN'T

- Flip on Auto-Pilot and emergencies are completely monitored whether you are near your phone or not!
- Voice activation assures safety even if you forget to turn on the monitor.
- Truzted will recognize and summon help
- Use it for the whole family

- Have the confidence and peace-of-mind against health emergencies and criminal attacks and other accidents that require immediate help.
- It can be set up off-sight for an elderly person who does not want to use a smart phone.

TRUZTED Safe & Sure is the all-in-one technology that covers any emergency at anytime.

3-Mode Monitoring Technology

1. Monitor
2. Pre-Emergency
3. Emergency

The system auto-navigates from one mode to another, depending on the situation.

All modes can be skipped or overridden depending on your emergency. This is one of the most unique features.

A PEAK INTO THE FUTURE of TRUZTED

- Video capability
- Undetectable safety pin with sensors
- Disease prevention
- Fall detection use of the phone's or independent's accelerometer for fall detection
- Critical vital signs, chemicals, medication, blood glucose, anemia and the very important home safety.

FUNDING OUR MUTUAL FUTURE - Here's the plan:

Your contributions will make our sophisticated prototype a reality. The majority of the funding will help pay for our genius digital technicians, in addition to traditional operational costs, as follow:

- Front-end programming: ease-of-use
- Back-end programming: ecommerce, search engine, downloading, customer accounts
- Android, Blackberry, Windows, iOS mobile development
- Operations, i.e. sales, marketing, accounting and legal

OUR DEEPEST GRATITUDE for YOUR HELP:

(Every \$1 helps!)

It is our intense pleasure to give something to you in exchange for your financial assistance.
